SINOLIFT is setting new benchmarks in pallet truck productivity and efficiency with the EPT15/18/20: No need for a hand pallet truck anymore – with a lifting capacity of up to 2,000 kg /4,400 lbs, heavy loads can be transported fatigue-free with the EPT15/18/20. Electric lifting and driving noticeably relieves stress on the operator, just as the ergonomic design of the tiller head enables a natural hand position during operation. The compact low lift pallet truck is powered by innovative Li-Ion technology, which is particularly maintenance free and reliable. The Li-Ion battery is very easy to change and can be easily inserted into the forklift truck for ultimate availability.

It combines the features of a powered pallet truck with the flexibility of a hand pallet truck

PERFORMANCE

- Capacity 2000 kg
- Maintenance free Lithium battery
- Electric lifting and lowering
- Electric top stop
- Slow speed mode (Turtle function)
- LCD display battery indicator, operating hour, error codes
- Keyless integrated pincode panel

SAFETY

- Emergency button, horn
- Feet protection
- Stability wheels and entry rollers

UTILISATION OF SPACE

- Small battery dimensions enable compact truck
- Operates with the handle upright

FACTS LITHIUM BATTERY

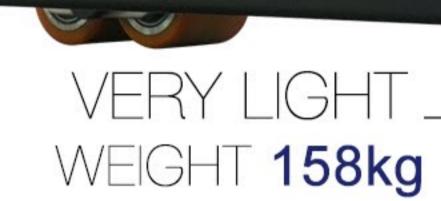

- Maintenance free
- 48V/15Ah
- Battery weight only 6kg
- Very easy and fast to exchange battery (within two seconds)
- Fast charging only 2.5 hours (inboard as well as outboard)
- Long operational time between charges (high number of battery cycles)

Ergonomics Designed Handle

Smart, Compact and confortable Integrated handle integrates key and meter make the operation easy and comfortable.

Intelligent Charger

The socket on the battery case makes it easy for charging without having to take the battery out, meaning fast charging during breaks in operations.

Portable Lithium Battery 6kg/13.2 lbs weight only, 20 seconds quick change, 2 years warranty.

Tidy and Clear Harness The electric pallet truck's harness is highly simplified, and the non professional person can also repair.

Reinforced Forks

Laser cutting, High Strength, Easier entrance/exit design for pallet, also for double pallet.

Load Rollers

High performance polyurethane load rollers, for quiet running and better grip. Single load rollers are option.

Reliable Drive Unit High quality motor, USA origin CURTIS controller and robust drive wheel.
